PROFESSIONAL SUMMARY

Early-career consultant with experience supporting public sector transformation initiatives across strategy and governance. Combines analytical problem-solving with human-centered thinking through experience in consulting and innovation methodologies. Interested in innovation strategy, transformation programs, and designing future-facing experiences that create measurable organizational impact.

EDUCATION

B.Sc. Information Systems — Cybersecurity — Prince Sultan University
GPA 3.84 / 4.0 | First Honors

2020 – 2025

EXPERIENCE

Consulting Intern — PwC, Riyadh

Jan 2025 – Nov 2025

Strategy & Transformation, public sector

- Supported national transformation initiatives for public sector clients through strategic research, benchmarking, and program structuring.
- Conducted international benchmarking and synthesized findings into strategic recommendations and implementation frameworks for executive stakeholders.
- Developed maturity assessments, governance models, and executive-level deliverables to support decision-making and transformation planning.
- Designed and facilitated tabletop exercises simulating real-world operational scenarios for senior stakeholders.
- Collaborated across multi-workstream engagements, contributing to problem structuring, stakeholder alignment, and strategic communication.

Service Design Summer School — Imperial College London

Jul – Aug 2025

Selective program, studio format

- Applied service design methodologies across a live project, including user research, journey mapping, service blueprinting, prototyping, and concept validation.
- Worked within an international multidisciplinary team to develop human-centered solutions to complex service challenges.

IT PMO Intern — Saudi Electricity Company

Jul – Aug 2024

- Supported coordination across cross-functional IT project teams to ensure alignment with project timelines and operational objectives.
- Contributed to process improvement initiatives that enhanced reporting clarity and project tracking efficiency.
- Assisted in monitoring project activities and communicating progress updates to internal stakeholders.

LEADERSHIP & SELECTIVE PROGRAMS

Member — Consultancy Route Club, PSU

Aug 2024 – Jul 2025

- Organized and facilitated workshops focused on structured problem-solving and consulting methodologies.
- Curated industry speaker series; helped build the club into a recognized pipeline into top-tier consulting firms.

Selected Mentee — PwC Elevate Mentorship

Oct 2023 – Mar 2024

- Selected from 1,500+ applicants. Worked with PwC mentors on a simulated client engagement, applying consulting frameworks to recommend process improvements.
